PROFESSIONAL SUMMARY

Senior Software Engineer and Full-Stack Developer with over 5 years of hands-on experience building scalable web and SaaS applications across PHP/Laravel back-ends and modern JavaScript front-ends (Angular, React, Next.js, Node.js, NestJS). Proven record of shipping 20+ production projects across fintech, edtech, travel, CRM, and enterprise/government domains - including multi-tenant SaaS platforms, ERPs, and Single Sign-On (SSO) systems. Skilled at leading and mentoring development teams, driving Agile delivery, conducting code reviews, and integrating 50+ third-party APIs. Recognised with multiple performance awards for technical excellence and consistent delivery.

CORE SKILLS & TECHNOLOGIES

Languages:	PHP, JavaScript, TypeScript, SQL, HTML5, CSS3
Back-end:	Laravel, Node.js, NestJS, Express, RESTful APIs, MVC architecture
Front-end:	Angular, React, Next.js, jQuery, AJAX, Bootstrap, Blade Templating
Databases:	MySQL - schema design, query optimisation, indexing, data security
APIs & Integrations:	SSO, payment gateways, biometric / RFID, SMS & email APIs (50+ integrations)
Tools & Practices:	Git & GitHub, code reviews, Agile / Scrum, sprint planning, multi-tenant SaaS
AI Tools:	Claude, ChatGPT, AI-assisted development & code review, prompt engineering
Leadership:	Team mentoring, project estimation, resource planning, stakeholder collaboration
Domains:	Fintech, EdTech, Travel, CRM, ERP, Government & Enterprise systems

PROFESSIONAL EXPERIENCE

Senior Software Engineer
Aug 2025 - Present

Mobilise App Lab Pvt. Ltd. - India

- Build production features end-to-end across PHP/Laravel back-ends and modern JavaScript front-ends (Angular, React, Next.js).
- Develop scalable Node.js and NestJS services for multi-tenant SaaS platforms with strong data isolation and performance.
- Architected a multi-school ERP serving institutions including DPS, NKBPS, and NPTI - student, staff, academic, and operations modules.
- Designed and delivered a multi-tenant attendance platform integrating biometric (fingerprint) and RFID-based check-in.
- Built a multi-tenant Single Sign-On (SSO) system enabling unified authentication across multiple education products from a single login.
- Partner with product, QA, and DevOps to ship secure, performant releases on tight delivery cycles.

Senior Laravel Developer / Technical Team Lead
Sep 2022 - Aug 2025

Netleaf Infosoft Pvt. Ltd. - Gurugram, Haryana

- Led the design of scalable Laravel applications and mentored junior developers, promoting best coding practices.
- Owned timelines, resource allocation, and deliverable quality across multiple concurrent client projects.
- Conducted thorough code reviews that raised overall code quality and accelerated team skill growth.
- Managed integration of numerous third-party APIs - payment gateways and communication platforms - for reliable data flow.
- Drove daily stand-ups and sprint planning; partnered with UX/UI and product teams to align engineering with business goals.
- Diagnosed complex technical issues and enforced security best practices across the codebase.

Professional Upskilling & MCA Completion

Nov 2020 - Sep 2022

Career Development Period - Faridabad, Haryana

- Completed the Master of Computer Applications (MCA) while deepening expertise in advanced Laravel, software architecture, RESTful API design, and database optimisation.

PHP Developer

Aug 2019 - Nov 2020

Learnov8 - Faridabad, Haryana

- Built and optimised website features that improved user experience and reduced page-load times.
- Identified and resolved runtime errors through systematic debugging and testing, ensuring stable operation and minimal downtime.

KEY PROJECTS

- **School ERP Suite** - *EdTech / Multi-school*
  Architected a multi-school ERP currently serving DPS, NKBPS, and NPTI - modules for student records, staff, academics, exams, and operations.
- **Global Attendance System** - *Multi-tenant SaaS*
  Designed a multi-tenant attendance platform integrating biometric (fingerprint) and RFID check-in, serving multiple organisations from a single deployment.
- **EDUPRO** - *Multi-tenant SSO*
  Built a Single Sign-On (SSO) platform enabling unified, secure authentication across multiple education applications from a single login.
- **Coveryou** - *Fintech / Insurance*
  Contributed to an insurance-focused fintech platform; built core modules and integrated payment and verification APIs supporting secure policy workflows.
- **LoanUstaad** - *Fintech / Lending*
  Developed lending-workflow features and third-party integrations powering loan application, eligibility, and processing journeys.
- **BalmyTrip** - *Travel Booking*
  Built travel-booking functionality with dynamic jQuery/AJAX interfaces and third-party travel and payment API integrations.
- **CRM Application** - *Enterprise CRM*
  Delivered CRM modules for employee data, attendance, task tracking, and customer-interaction management, streamlining internal workflows.
- **Government Employee Management System** - *GovTech*
  Enhanced a government employee-management initiative with attendance, task-management, and payroll modules, improving operational efficiency.

EDUCATION

- **Master of Computer Applications (MCA)**
  Indira Gandhi National Open University (IGNOU), Faridabad | 2018 - 2022
- **Bachelor of Computer Applications (BCA)**
  Maharshi Dayanand University, Faridabad | 2015 - 2018

AWARDS & RECOGNITION

- **Rising Star Award** - awarded twice for exceptional technical contribution and skill growth.
- **Star Performer Award** - recognised for outstanding delivery and consistency.
- **Runner-Up Award** - presented to the entire team for outstanding collective effort and dedication.

ADDITIONAL INFORMATION

Languages: Hindi (Native) | English (Conversational)

Interests: Pencil sketching - sharpens creativity, focus, and observational detail.
